

LWW Health Library

PATHOLOGY

Why LWW Health Library?

LWW Health Library Designed to support foundational learning and clinical practice, LWW Health Libraries delivers trusted health science education and clinical content to students, faculty, residents, and clinicians through a single portal—providing interactive online access to essential textbooks, multimedia & imagery, real-life case studies, and quizzes.

LWW Health Library: Pathology boasts a target set of reference books, annotated images, and self-assessment questions to help users accurately interpret images and specimens, make accurate diagnoses, and prepare for certification exam success.

Authoritative Clinical and Educational Content for Residents, Program Directors, and Pathologists

LWW Health Library: PATHOLOGY Features:

- 31 LWW foundational and specialty for residents, faculty, and pathologists
- Over 37,000 annotated images to train residents in efficient image interpretation and diagnostic assessment
- Roughly 2,000 self-assessment questions
- Sophisticated semantic search targeted to the key diagnoses residents encounter in their intern year
- Content updated regularly!
- Key titles include: 16 volumes in the *Biopsy Interpretation series*, *Washington Manual of Surgical Pathology*, *Sternberg's Diagnostic Surgical Pathology* (2-volume set), and *Sternberg's Diagnostic Surgical Pathology Review*

Key Features LWW Health Library

A single portal to foundational and basic sciences resources, as well as rich multimedia ancillaries for teaching, learning, and practice.

- **Account personalization:** Save content to a 'My Health Library', access Health Library from any computer, and set up email alerts for when new content is added
- **Quizzing:** Allows users to create custom quizzes organized by topic, keep track of responses and link to relevant content to help with remediation
- **Ovid MEDLINE® widget:** Instantly access primary Literature from MEDLINE with an exclusive Ovid Medline search widget; results include , which returns targeted results and article previews
- **Advanced semantic search:** View results displayed by title, chapter, topic, and/or type of resource
- **Responsive Design:** Browse content on your computer, tablet or smartphone with ease
- **Print/save a chapter:** Users are able to download chapters via pdf, for easy access to content when offline – for note- taking or to print
- **Multimedia content:** Access videos, images, Q & A, patient education handouts, and more
