

American Society of Nephrology Journals on Ovid®

In collaboration with The American Society of Nephrology (ASN), *Journal of the American Society of Nephrology (JASN)*, *Clinical Journal of the American Society of Nephrology (CJASN)*, and *Kidney360* are now published by Lippincott® on Ovid.

ASN's journals provide the highest quality scientific findings so everyone at your institution involved in kidney research, education, and practice has the information they need to boost outcomes, improve patient care, and educate the next generation of practitioners.

And Ovid gives you a unique combination of currency, quality, and access options so you can create a customized electronic journal solution that's perfect for your institution.

Features include:

- Information from one of the world's most foremost authorities in kidney research
- Content coverage spanning clinical best practices, patient care, care innovations, research methodologies, epidemiology, health policy, and more
- Articles available on Ovid prior to inclusion in an issue
- Simultaneous searching across all 3 journals as well as your other Ovid subscriptions
- Precise, natural-language searching for quick information discovery
- Automatic email alerts on new issues and articles
- Time-saving results management, sharing, and annotation tools
- Dual access to the full text, not only on Ovid, but also on the *JASN* and *CJASN* Journal websites (organization IP address verification required).

All 3 Kidney-Disease Related ASN Journals Published by Lippincott® and Available on the Ovid platform

Why choose ASN journals
on Ovid?

- Expand your e-resource collection in kidney disease and related content
- Offer easy access to important clinical breakthroughs and foundational research
- Support clinical practice, student and residential programs, continuing education, and policy advocacy
- Help streamline the research process
- Easily integrate with your institution's other Ovid-subscribed resources

American Society of Nephrology (ASN) Journals on Ovid®

Journal of the American Society of Nephrology (JASN)

2021 Impact Factor: 14.978; ranked 5/90 in Urology & Nephrology

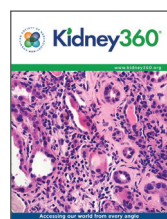

The ASN's official journal is the leading kidney journal in the world and has been published monthly since July 1990. JASN represents an outstanding synthesis of cutting-edge basic research, clinical epidemiology, clinical research, meta-analysis, relevant editorials, perspectives and timely and important reviews.

Clinical Journal of the American Society of Nephrology (CJASN)

2021 Impact Factor: 10.614; ranked 7/90 in Urology & Nephrology

The leading voice in communicating and influencing advances in clinical nephrology by (1) rapidly and effectively communicating the most important advances in clinical and translational research in nephrology; (2) putting these advances in context for future research directions and patient care; (3) serving as an important voice on every issue that potentially affects the clinical practice of nephrology, particularly in the United States.

Kidney360

The newest addition to the ASN portfolio of journals is a global, peer-reviewed, open-access general kidney journal publishing scientifically rigorous basic, translational, clinical, epidemiologic, health policy, population science, and global health kidney research.

*JASN and CJASN
included in the LWW
High Impact and the
UpToDate Journals
collections*

The American Society of Nephrology

Since 1966, the American Society of Nephrology has been working to:

- Advance work and practice of medicine related to kidney disease
- Accelerate innovation and expand patient choice through cutting-edge research and collaborative partnerships
- Lead culture change that creates a diverse, equitable, and inclusive pathway for advancing kidney health
- Create dynamic educational tools and environments, assertively communicate information about kidney medicine, and engage everyone interested in kidney diseases
- Advocate for policies that empower patients, their care partners, and the wider kidney care community
