

CCH® Sales Tax Rates & Taxability Databases

Datasheet

DRIVE YOUR BUSINESS GROWTH WITHOUT SALES AND USE TAX GROWING PAINS

CCH® Sales Tax Rates & Taxability Databases provides the industry's most comprehensive database of rates and taxability rules. With our thoroughly researched and expertly maintained data, you will be able to avoid outdated rates and misinterpreted taxability rules resulting in costly fines, and achieve sales and use tax compliance. No need to manually track taxability changes, simply download your monthly update via our Secure Subscription Update Client, map your product code to the appropriate tax category, and quickly discover whether each item is taxable in any jurisdiction in the U.S. and Canada.

Why choose CCH® Sales Tax Rates & Taxability Databases

■ Easy to integrate

Integrate the data right into your ERP, e-commerce, or Point of Sale (POS) system. Ask about how our flat ASCII file can further speed up your processes.

■ Easy to use

Look up varying rates, maximum taxes, reporting codes, and freight taxability. No need to manually track or input tax rates into your system.

■ Precise

Data mapped using multiple location criteria (ZIP and ZIP+ 4 codes, state, county, city names), and our proprietary geocodes, enables fast and accurate jurisdictional determination. There are precise boundaries for special districts. The database is available in state subsets or for the entire country; you purchase and store only the data you need.

■ Convenient

Get data delivered monthly via our Secure Subscription Update Client.

■ Comprehensive

Datasets include Retail, Services, Grocery, Restaurant, Telecommunication, Energy, Broadband, Construction, Manufacturing, Cannabis, Motor Vehicle, international rates (in 181 countries), and Leases and Rentals content.

■ Trustworthy

Backed by more than 100 years of CCH® tax and legal research methods, CCH® Sales Tax Rates & Taxability Databases represent the industry standard for sales and use tax data.
